

Join the COVERED Registry!

The COVERED Registry keeps individuals, with or without diabetes, informed about current research and makes it easier to join relevant studies. It connects the community with researchers to advance understanding and accelerate better treatments and a cure.

What's Involved?

- Receive information about new and ongoing diabetes studies
- If desired, participate in applicable studies
- Complete brief, bi-annual health surveys

How do I join?

- Participants must be 18, living **with or without** diabetes
- **Scan the QR code** below to take a pre-screening survey
